

- 
- 
- 
- we are requiring everyone who enters the building to complete a health screening in order to slow down the spread of COVID 19
- If someone was exposed to COVID 19, they will be required to take home a home-kit.
- but these requirements must be met: As data is collected and people begin to test positive, there needs to be an outlined procedure of next steps. what is happening with the data and what is the recourse for follow up

Along with the contact tracing, here are the guideline that must be followed:

- if someone was exposed to COVID 19 they are required to wear a mask
- If they test positive they must obey by the CDC guidelines and quarantine for 10 days
- A trained licensed professional should handle all the details related to COVID
- Tracing people help to protect elderly population
